35TH WORLD FLY FISHING CHAMPIONSHIP 2015. B&H**

**BILTEN br.1.
BULLETIN N°1**

JAJCE – BIH, 16 – 21. 06. 2015.

**The President of the Organizing Committee
Bakir Izetbegović**

Bosnia and Herzegovina is honoured to welcome you as the host of the 35th World Fly Fishing Championship, an event with a long tradition of nurturing sport spirit and strengthens relationships, among fans of fishing as well as between the states.

In addition to sponsoring of Presidency of Bosnia and Herzegovina, the importance of this event is seeing in the fact that after the 14th Winter Olympic Games in Sarajevo, this championship is one of the most important sporting manifestation in Bosnia and Herzegovina.

As a president of the Organizing Committee of the 35th World Fly Fishing

Championship, I am satisfied that in Bosnia and Herzegovina, every year, sports fishing attracts a large number of true lovers of this noble sport.

Among other things, all previously mentioned confirm the fact that currently, Bosnia and Herzegovina has about 150 Sport - fishing associations /clubs/ with 40000 active members.

Dear competitors, fans of sport fishing, guests and visitors, I wish you a pleasant stay in our beautiful country and to return your homes with the most beautiful memories from Bosnia nad Herzegovina.

At the Championships like these we are all winners.

President of Executive Committee Đorđe Klepić

Dear competitors and friends of sport fishing,

Bosnia and Herzegovina is honoured to welcome you as the host of the 35th World Fly Fishing Championship, which will be held from 16 to 21 June 2015 in the city of Jajce. You are coming in the country that has about 4 million people of different religious and national backgrounds, consisting of two entities (the Federation of B&H and the Republic of Srpska) and the Brčko District of B&H.

There are many great sport fishing events behind us such as 27th World Club Fishing Championship (2007), held in Čapljina – Hutovo Blato (Federation of Bosnia and Herzegovina), 16th European Fly Fishing Championship (2010), held in city of Banja Luka (Republic of Srpska), as well as 15th World Fishing Championship for the Disabled and 6th World Cup Championship for Veterans (2013), held in the city of Čapljina-Karaotok (Federation of Bosnia and Herzegovina). All mentioned events were successfully organized and widely praised by major officials and many sport fishing associations. Furthermore, we would like you to better understand our country, friendly people and customs, and return to your homes with the most beautiful memories from Bosnia and Herzegovina. We wish you a successful visit and pleasant stay in our beautiful country.

I would like to welcome you with our traditional fishermen greeting BISTRO!

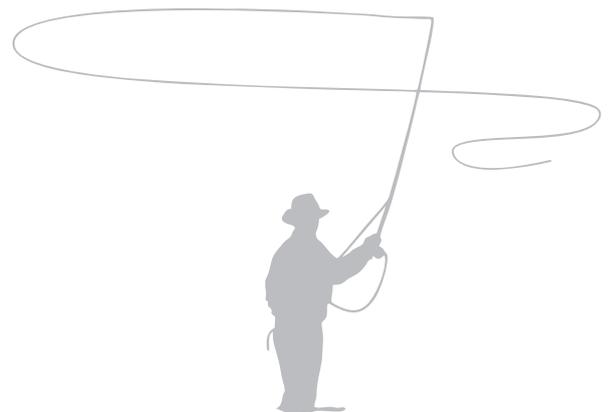

Mayor of Municipality of Jajce Edin Hozan

Dear competitors, guests and friends of sport fishing, we wish you a welcome to the city of Jajce which will be a host of the 35th World Fly Fishing Championship. We are truly pleased that we have the privilege to host the World Fly Fishing Championship, which will bring together participants from more than thirty countries.

This is an important event for Bosnia and Herzegovina, as well as for the city of Jajce, because fly fishing is not just a sport, it is also a some kind of art and connection with a nature. We wish you to achieve a good results, but also to feel comfortable in our beautiful country. We will do best from us to present our beautiful country and her beauties.

Dear guests, our intention is that city of Jajce became a city which will you bring in your hearts and the place that you will also gladly visited into the future.

DESCRIPTIONS OF COMPETITION VENUES

The upcoming 35th World Fly Fishing Championship will be held on four rivers and one lake. The competition venues cover a length of 6000 meters, and competitors start places are long about 180 meters with an interspace of 10 meters from the left and from the right sides of the competitors.

It is allowed to fish all kinds of fish represented with the minimum length of 20 centimeters. The competition is organized in full compliance with the rules and propositions of FIPS MOUCHE FEDERATION. It is allowed to use all fishing techniques with the hook without counter-hooks, aggravation larger than allowed hid in flies – nymphs, and caught fish are drawn with the landing net (meredov).

Selected practice venues are on the Pliva Lakes, the Pliva River and the Vrbas River. Substitute practice venue (I training) is on the Sana River in the city of Kjuč.

We expect a good weather conditions during the competition, temperature ranging from 17 to 22 Celsius degrees and favorable water level of rivers.

1. Competition venue- Pliva River Sector I „A“ ŠIPOVO

This competition venue is located on the Pliva River in Sipovo about 30 kilometers away from the city of Jajce.

The river is quite fast in the upper course and in some places the depths ranges is from 2-3 meters. In this part, it is best to use the nymph for fishing, while the river is a little wider and slower in the lower part.

This river is inhabited with all kinds of salmonid fish, but the competition venue is dominated by grayling (*Thymallus - thimallus Linnaeus*).

2. Competition venue - Sana River Sector II "B" RIBNIK

This competition venue is located on the Sana River at the place called Ribnik, downstream from the mouth of the Ribnik River to the town of Ključ.

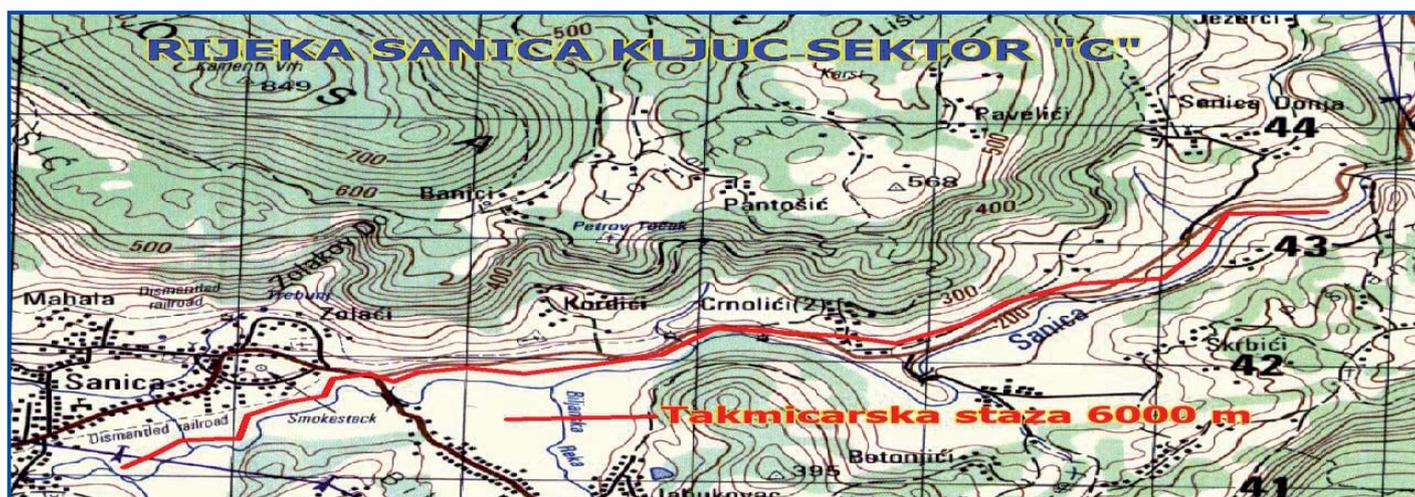

The width of the river is 25-30 meters, and the length is about 1-2 kilometers.

The river is inhabited with grayling (*Thymallus thymallus* Linnaeus), brown trout (*Salmo trutta m. fario* Linnaeus), salmon (*Hucho hucho* Linnaeus), and cyprinid fish species, of which the most dominant is chub (*Leuciscus cephalus*) and barbel (*Barbus barbus* Linnaeus), and has a very small quantity of the rainbow trout (*Oncorhynchus mykiss* Walbaum).

The 16th European Fly Fishing Championship took place on this competition venue.

3. Competition venue - Sanica River Sector III „C“ KLJUČ

It is the same as the previous competition venue (Sana River), the 16th European Fly Fishing Championship also took place on this competition venue.

This competition venue is the farthest from the city of Jajce (85 kilometers).

The width of the Sanica River is 25-30 meters with an average depth of 1 meter.

The Sanica River is very rich in grayling (**Thymallus-Thimallus Linnaeus**), brown trout (**Salmo trutta m. Fario Linnaeus**) and salmon (**Hucho-hucho Linnaeus**), chub in the lower part of the sector (**Leuciscus cepahus**) and pike (**Esox Lucius**).

The dominant species for the most parts of this sector is grayling.

4. Competition venue - the Pliva Lakes Sector IV "D" JAJCE

This competition venue is located on a beautiful and natural Pliva Lakes, 7 kilometers away from the city of Jajce. The Pliva Lakes are about 3500 meters long, and the competition venue begins from the mouth of the Pliva River where it flows into the Pliva Lakes. The width of the lakes on the competition venue is 300-400 meters and the depth of lake is up to 30 meters in some places, while the depth is 6-8 meters in the fishing sector.

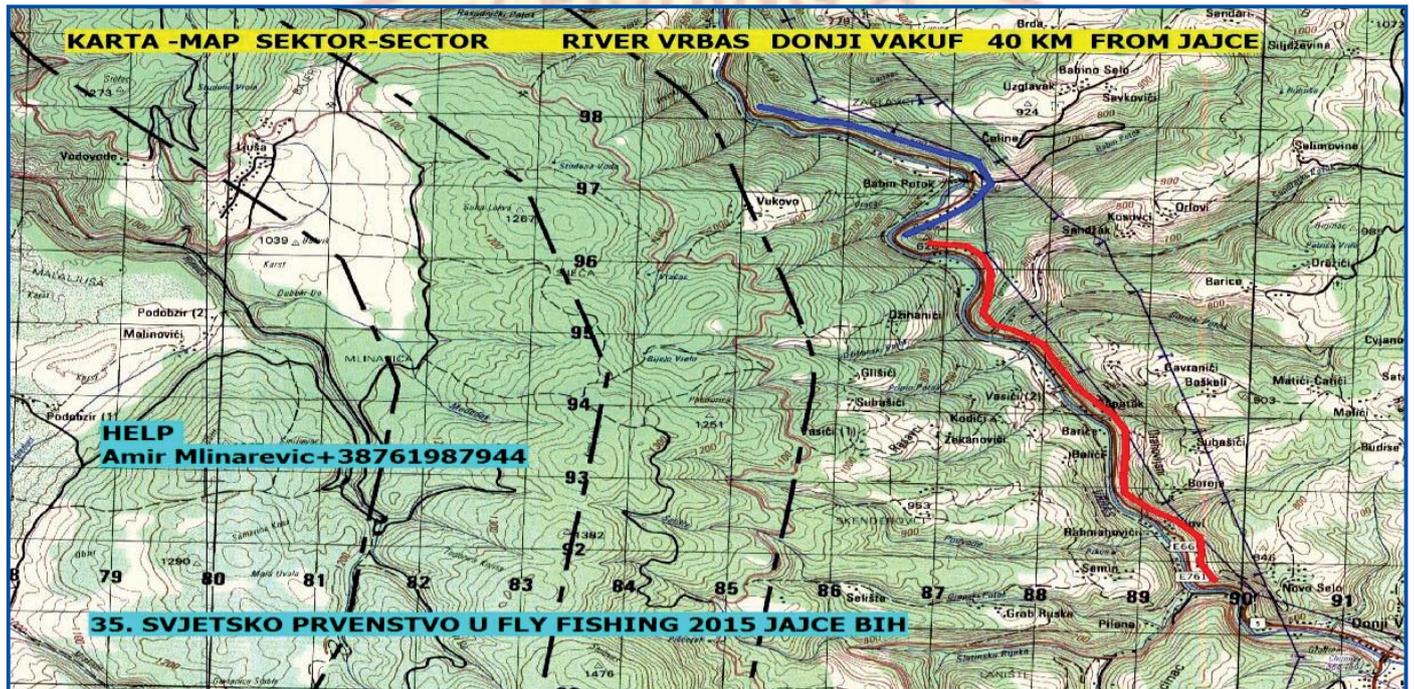

This lake is inhabited with the following species of fish: brown trout (**Salmo trutta m. Fario Linnaeus**), grayling (**Onorhynchus Mykiss Walbaum**) and lake trout (**Salmo Trutta m.lacustris Linnaeus**), and cyprinid species - carp (**Ciprinus carpio**), pike (**Esox Lucius**) and tench (**Tinca Tinca**).

The competitors on this competition venue strictly fish from a boat moving along a marked sector. The best results at the 16th European Fly Fishing Championship were achieved with a streamer (strimer) in three versions on a one rod (imitation maggots, the leeches and little fish).

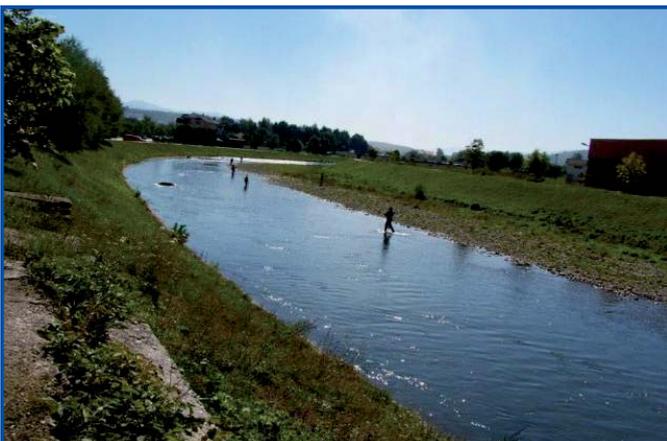

5. Competition venue - Vrbas River Sector V „E“ Donji Vakuf

This competition venue is located on the Vrbas River, downstream of the city of Donji Vakuf, about 40 kilometers away from the city of Jajce.

The length of the competition venue is about 6 kilometers, width 25-30 meters, with an average depth of 1-2 meters or 3 meters in some places.

The most common species along entire sector is grayling (*Thymallus thymallus* Linnaeus). The best way to catch grayling is to use a nymph and dry fly. The Vrbas River is also rich in brown trout (*Salmo trutta m.fario* Linnaeus), salmon (*Hucho-hucho* Linnaeus) and cyprinid, while the most dominant species is chub (*Leuciscus cephalus*).

Substitute venue –Sana River – Ključ

A substitute venue is located on the Sana River downstream from the city of Ključ, about 65 kilometers away from the city of Jajce.

Characteristics of this venue are almost same as the characteristics of competition venue from Sector II B (because it is located on the same river).

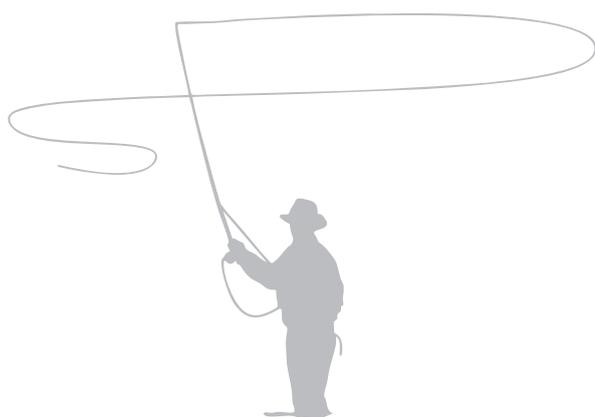

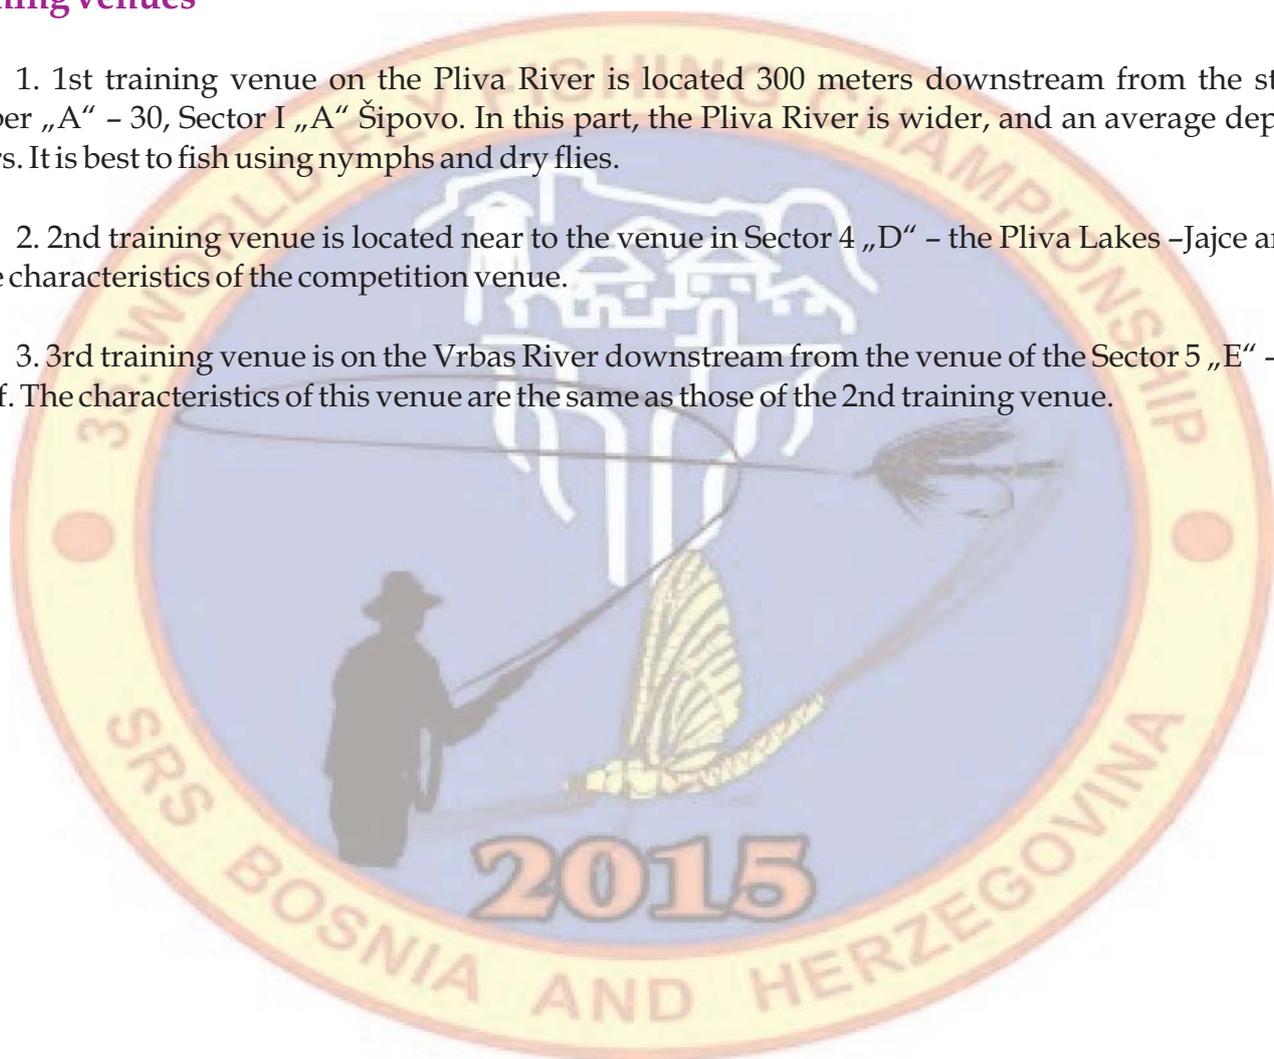

This competition venue was also a substitute venue for 10th European Championship which was held in 2010.

Training venues

1. 1st training venue on the Pliva River is located 300 meters downstream from the starting number „A“ – 30, Sector I „A“ Šipovo. In this part, the Pliva River is wider, and an average depth is 3 meters. It is best to fish using nymphs and dry flies.

2. 2nd training venue is located near to the venue in Sector 4 „D“ – the Pliva Lakes –Jajce and has all the characteristics of the competition venue.

3. 3rd training venue is on the Vrbas River downstream from the venue of the Sector 5 „E“ – Donji Vakuf. The characteristics of this venue are the same as those of the 2nd training venue.

OFFICIAL ACCOMMODATION FOR TEAMS

The Turist Hotel 98 is located in the charming medieval city of Jajce widely known by its rich history and historical heritage. It is an urban and amenity-rich hotel.

There are also facilities for a comfortable accommodation for travelers and different kind of recreational activities, and also for those who are just passing through.

The hotel also has excellent capacity for organizing a different kind of business meetings and seminars for all interested parties (athletes or teams). Wi-Fi Internet access is free for all hotel guests.

We emphasize the additional benefits and services of the hotel, such as a large safe and secured parking (with the video surveillance), large shopping center „Tropic“, „Hipo Alpe Adria bank“, conference room, patisseries, restaurant with a terrace etc.

Jajce – The Host City!

On the shores of the Vrbas and Pliva river is situated one of the most beautiful cities in Bosnia and Herzegovina - city of lights, stone and water, a city with 27 national monuments - city of Jajce. A magnificent, 21 meter high waterfall, one of the 12 most beautiful waterfalls in the world embellishes the city center and makes the city of Jajce a unique city.

City of Jajce is situated in the central part of Bosnia and Herzegovina, in the northwestern area of Central Bosnia Canton in Federation of Bosnia and Herzegovina. It is situated at an altitude of 470 meters on the fort and 426.6 meters on Pliva lakes, adjoin with the municipalities of Donji Vakuf and Travnik on the east, on the north with the place Dobretići, and to the west with the municipalities Šipovo, Jezero and Mrkonjić Grad. With the other parts of country, the municipality area is connected with the main road M-5 and M-16.

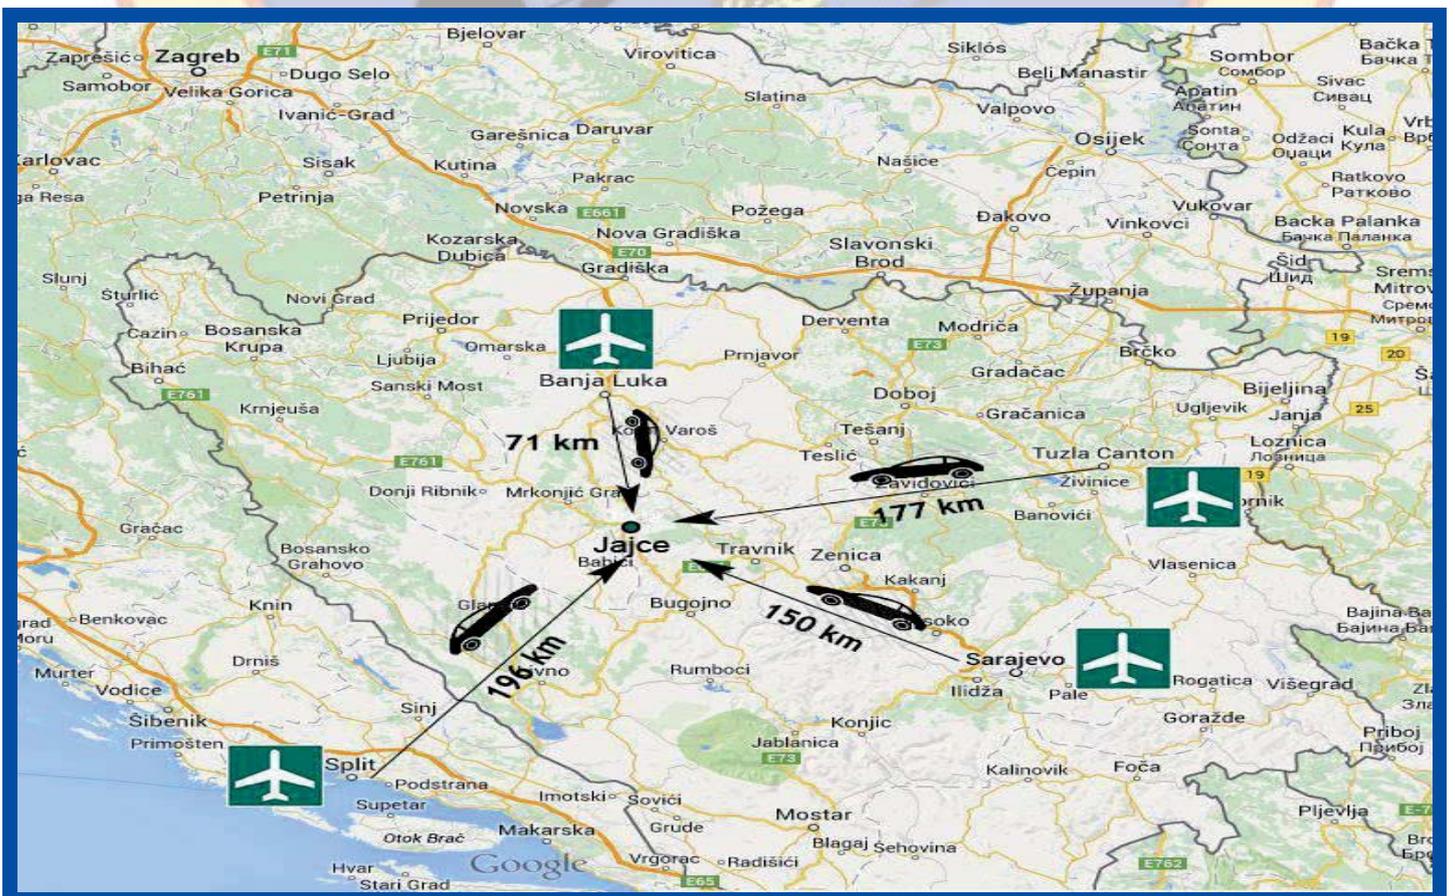

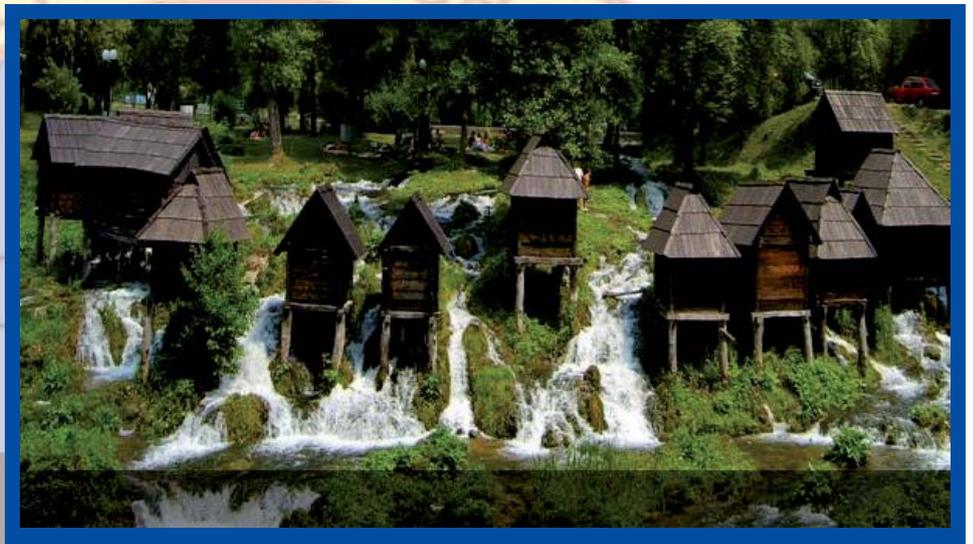

Natural resources with the Pliva river, her lakes and waterfalls, and rich cultural and historical heritage (Fortress, Catacombs, Omer Bey House, St. Mary

Church and the St. Luka Tower, temple of the god Mithras, Esma Sultana Mosque (a 27 national monuments) represent a unique tourism offer of city of Jajce.

William Miller (english travel writer) in one of his travelogues writes: "Travelling through the Bosnia without seeing a city of Jajce would be unforgivable, because it is, without any doubt, the jewel of this country, with a most beautiful position....."

It is a city where people lived before 6000 years, a city of Bosnian kings (where he was crowned the last Bosnian king Stjepan Tomašević), and a city where it was created Tito's Yugoslavia. It is a city which nurturing its own cultural, historical and natural heritage represents today the best that nature and people during the millennium gave to this city - the gate of east and west... From whatever side it comes in the city of Jajce traveler follows the Vrbas or Pliva river, their green and blue trail which leads him to the city where nature has been so generously giving to him a wonderful living conditions.

Welcome to the city of Jajce a candidate for UNESCO World Heritage List!
