Ovo prvenstvo nije samo sportski događaj. To je prilika da pokažemo našu tradiciju, kulturu, gostoljubivost te predanost razvoju sportskog ribolova u Bosni i Hercegovini. Zahvaljujem našim udrugama, volonterima i partnerima iz Mostara i Livna koji su svojim radom, iskustvom i trudom omogućili da Bosna i Hercegovina bude domaćin natjecanja ovakvog značaja.

Dragi natjecatelji, želim vam puno uspjeha, sportske sreće i nezaboravne trenutke provedene na našim vodama. Neka ovo prvenstvo bude obilježeno ferplejem, prijateljstvom i vrhunskim sportskim rezultatima.

Još jednom, dobrodošli u Mostar, Livno i Bosnu i Hercegovinu — zemlju velikih voda i još većih ljudi.

Hvala vam.

It is an opportunity to showcase our tradition, culture, hospitality and dedication to the development of sport fishing in Bosnia and Herzegovina. I would like to express my gratitude to our associations, volunteers and partners from Mostar and Livno whose work, experience and commitment made it possible for Bosnia and Herzegovina to host an event of this importance.

Dear competitors, I wish you great success, good sportsmanship and unforgettable moments on our waters. May this championship be marked by fair play, friendship and outstanding sporting achievements.

Once again, welcome to Mostar, Livno and Bosnia and Herzegovina — a land of great waters and even greater people.

Thank you.

## RIJEKA BUNA

Rijeka Buna je jedna od najčistijih i najljepših rijeka u Bosni i Hercegovini, smještena u Hercegovini, nedaleko od Mostara. Izvire iz imponantnog vrela u Blagaju, jednog od najjačih kraških izvora u Evropi, i već na samom izvoru dostiže širinu od oko 10–15 metara. Tok rijeke je miran i bistar, sa dubinama koje variraju od 1 do 4 metra, dok se u pojedinim viovima mogu javiti i veće dubine.

Buna je poznata po izuzetno čistoj i hladnoj vodi, što stvara idealne uslove za salmonidne vrste riba. Najčešće riblje vrste u Buni su potočna pastrmka, mekousna pastrmka (endemska i strogo zaštićena), lipljen i kalifornijska pastrmka. Rijeka je posebno cijenjena među mušičarima zbog kristalno čiste vode, zahtjevnog ribolova i bogatog ribljeg fonda.

Zbog svoje izuzetne prirodne ljepote, bioraznolikosti i visokih standarda očuvanosti, Buna spada među najprestižnije fly fishing destinacije u Evropi.

## BUNA RIVER

The Buna River is one of the cleanest and most beautiful rivers in Bosnia and Herzegovina, located in Herzegovina, near the city of Mostar. It springs from the impressive source in Blagaj, one of the strongest karst springs in Europe, and reaches a width of around 10–15 metres right from its origin. The river flow is calm and crystal clear, with depths ranging from 1 to 4 metres, while certain pools can reach even greater depths.

The Buna is known for its exceptionally clean and cold water, which creates ideal conditions for salmonid fish species. The most common fish species in the Buna are brown trout, softmouth trout (an endemic and strictly protected species), grayling, and rainbow trout. The river is particularly valued among fly fishermen due to its crystal-clear water, challenging fishing conditions, and rich fish population.

Thanks to its remarkable natural beauty, biodiversity, and high conservation standards, the Buna ranks among the most prestigious fly-fishing destinations in Europe.
